STRATEGIES

PUBLIC POLICY INNOVATIONS

We can help...

More than 90% of participants agree that keypad polling adds value.

TAG Strategies has State-of-the-Art Keypad Technology that Can Help You:

- ⇒ Get people engaged
- ⇒ Get more interactive
- ⇒ Get data about what participants really think
- ⇒ Get better outcomes

TAG can custom design your event based on your needs—Some of our clients include:

- Office of the Governor, Colorado
- El Pomar Foundation
- Western Interstate Commission on Higher Education
- Business Health Forum
- Colorado Department of Education
- Center for the Common Good, Regis University

BENEFITS OF THE KEYPADS

For over a decade, TAG has offered innovative consulting services to governments, non-profits, foundations and the private sector designed to create positive change in a complex public policy environment. Contact us to see how we can help you meet your goals.

Services starting at \$900.

www.TAGstrategies.com
(formerly The Adams Group)

Have an interactive dialogue with hundreds of people

Find out what everyone thinks—not just those who speak up

Gather candid information when polling anonymously

Get custom reporting, including cross tabs that give you insight into what sub-groups think

Deepen the conversation by using instantaneous data to probe participants' views

Provide something new and fun that will both enliven your meetings and engage people
